

Anti-theft roll container - walls all-around - galvanised - dark blue

Product specifications

Weight (kg)	56 kg
External dimensions (L x W x H)	724 x 815 x 1820 mm
Color	Blue
Material	HDPE
Bottom	Perforated
Internal dimensions (L x W x H)	665 x 750 x 1585 mm

Properties

Roll container for theft-sensitive items.

The door of the anti-theft container is lockable and can be secured with a padlock (standard not included).

The door is hinged and equipped with a metal labeling field.

The container is equipped with 2 fixed and 2 swivel wheels in a galvanized version and plastic wheels Ø 125 mm with non-marking PU tread.

The side panels are inserted into the base platform and then secured with a clamp. The clamps are subsequently tightened with a screw.

The back panels and roof are secured to the side panels using plastic clamps.

For other wheel configurations (braked - solid nylon - different wheel diameters) consult our product specialists.

Description

Anti-theft roll container (724 x 815 x H 1795 mm) with a dark blue plastic base. Comprised of a food-grade dark blue plastic base platform (steel-reinforced) and a closed steel structure. The structure consists of two side walls, a back wall, a roof, and a hinged door. The door of the anti-theft container is lockable and securable with a padlock (standard not included). The entire structure is galvanized. The dark blue anti-theft roll container is equipped with 2 fixed and 2 swivel wheels in a galvanized version with plastic wheels Ø 125 mm with PU tread. Featuring particularly smooth-running wheels. This commonly used plastic roll container is ideal for theft-sensitive products. The dark blue anti-theft roll container helps prevent valuable goods from being stolen.
