Properties

Lidded bins are also stackable with lid

Lidded bins have a removable, hinged lid

With lock and slot in the lid

Stacking bin with hinged lid and 2 snap-slide locks

Description

Plastic ballot box measuring 400 x 300 x H 250 with a cylinder lock and an insertion slot in the lid. Ideal as a transport box for the transportation of postal votes. The transport box has a capacity of 21.5 liters. The ballot box is sealed with a lid equipped with a lock. The lid has a slot in the middle through which the ballot papers and postal votes can be inserted into the box. Access to the contents of the ballot box is available after unlocking the hinged lid. Additionally, the lid can be further sealed on the short sides. The size of the slot (200x30 mm - w x h) is large enough for the intake of ballot papers (folded approximately 70 mm wide) and postal votes (unfolded 162 mm). The ballot box has a smooth bottom and hinge reinforcements for the hinged lid. Upon request, we provide the ballot boxes with logo and/or text printing. Please inquire about the possibilities.
