## Properties

Suitable for use in basket transport machines with transport hooks

The basket is lowered on one side; trays may stick out on this side

The basket (50.NKT.100) is provided with a separate Rilsanised insert rack, for nine large serving trays

## Description

The dishwashing basket, measuring 500 x 500 x H 125 mm, is designed to provide efficiency and convenience when cleaning large trays. Equipped with a removable galvanized steel insert rack, this basket can accommodate up to 9 large trays, making it an ideal solution for busy kitchens and catering establishments.

What truly sets this basket apart is its clever design. With one lowered side, the trays can be easily placed and removed, making loading and unloading a breeze. Additionally, the basket is designed with an open structure, allowing water to circulate freely during rinsing. This not only results in thorough cleaning but also promotes a quicker drying process, which is essential for an efficient kitchen environment.
