Description

The BIG BOX, a versatile plastic pallet box that excels in both durability and efficiency. With dimensions of 1200 x 1000 x H 790 mm and an impressive capacity of 670 liters, this pallet box offers an optimal solution for storing and transporting various goods, including food items.

Our BIG BOX is specially designed to meet the highest standards. With closed side walls and a reinforced bottom, this pallet box provides a safe and reliable storage option for various industries. The unique design of the pallet box, with convex panels protruding outwards, maximizes internal space, resulting in an impressive gain of up to 10% more volume compared to traditional pallet boxes. What makes the BIG BOX even more versatile are the outlet provisions. With both 1" and 2" outlet provisions on one short and one long side, this pallet box offers ultimate flexibility for various applications.

Additionally, the BIG BOX is available in different colors, including grey, red, blue, green, orange, and yellow, allowing customers to choose a color that suits their specific needs.

Transoplast stands for quality and reliability. With the BIG BOX plastic pallet box, we offer a high-quality solution that meets the requirements of various sectors, from food storage to logistics and industrial use.

Discover the benefits of the BIG BOX yourself and optimize your storage and transportation processes with this innovative plastic pallet box from Transoplast.
