

BIG BOX plastic palletbox 1200 x 800 mm - with funnel base and slide valve - on 4 feet

Product specifications

Uitwendig (LxBxH)	1200 x 800 x 760 mm
Inwendig (LxBxH)	1110 x 710 x 575 mm
Capacity	450 liter liter
Sidewalls	Closed
Material	HDPE
Article number	4403.100.502BD
Weight (kg)	45 kg
Temperature range	-30°C to +40°C
Color	Grey
Bottom	Closed, reinforced with central bottom discharge underneath
Max. load capacity per box	500 kg kg
Max. static stacking load	4500 kg kg
Max. dynamic stacking load	500 kg kg

Properties

Standard plastic pallet box with funnel base.

Equipped with a bottom outlet 120x120 mm in the center of the base of the pallet box.

Description

Big Box pallet container with funnel bottom (1200 x 800 x H 760 mm - 450 liters). A standard plastic pallet box equipped with a bottom outlet centrally located in the pallet box. In the lower part of the pallet box, a tapered hopper bottom is welded with an opening of 120x120mm (adjustable). This opening is closed by a sliding valve that can be operated from either the long or short side as desired. The Big Box with its smooth, funnel-shaped interior is ideal for controlled dosing of dry bulk materials such as granules, seeds, grains, dry animal feeds, pellets, and other small components. Thanks to the sloping bottom, the product flows easily out when the sliding valve is opened, eliminating the need for tilting and dumping. The container is also suitable for use with food products. However, this pallet box cannot be used for liquids and moist products unless a plastic liner is used.
