Description

The BOB pallet box with dimensions 1200x1000x760 mm is designed for heavy-duty applications in industrial environments. This robust container is made of HDPE (High-Density Polyethylene) and withstands temperatures from -10 °C to 40 °C. With a capacity of 600 liters and a load capacity of 500 kg, this container offers an efficient solution for storage and transport. The straight wall design facilitates easy cleaning, making it ideal for environments where hygiene is important. The reinforced center runner allows forklift operators to easily empty the container. The container is available in various versions, including 2 runners, 3 runners, and 6 feet, providing flexibility in use.
