Dimensions: 1200 x 1000 x H 1140 mm

Capacity: 1000 liters

Type: CB3 High

Food-grade plastic pallet box

Equipped with three runners

Perfect addition to existing Dolav pool

Color: Gray

Description

Gray plastic pallet box with lifting lugs (1200 x 1000 x H 1140 mm - 1000 liters) of the CB3 High type. This food-grade plastic pallet box on three runners in gray is the perfect addition to an existing pool of Dolavs. The lower wall panels of the CB3 High are reinforced to prevent damage from forklift trucks. The CB3 pallet box is made of high-quality foamed HDPE plastic, making it exceptionally strong. The pallet box has extra thick walls and a weight of only 50 kg. Moreover, the impact resistance of this pallet box is very high. The CB3 High pallet box is manufactured in one piece, with molded-in pallet runners. Breakage at these sensitive points is therefore minimized. Additionally, the gray CB3 High can easily be equipped with transponders for tracking & tracing of the box and cargo. The hygienically smooth inner walls complete the whole and make the CB3 High the ideal pallet box for the food industry. Max. load capacity per box: 1000 kg.
