Product specifications

Weight (kg)	0,8 kg
External dimensions (L x W x H)	600 x 400 mm
Temperature range	-30°C to +40°C, briefly up to +90°C
Color	Blue
Material	HDPE

Properties

Stacking of fish boxes (Euronorm) with lid is possible

Description

The clamping lid with dimensions of 600 x 400 millimeters is specifically designed for the 33-liter Euronorm fish crate. This lid offers a convenient and secure closure for the crate, ensuring the contents are firmly covered and protected during storage and transport. With its precise dimensions, this clamping lid fits perfectly onto the Euronorm fish crate, providing an efficient and streamlined solution to safeguard your fishing equipment. Its clamping mechanism keeps the lid securely in place, ensuring the contents remain safe even during movement or handling of the crate.

This lid adds an extra layer of protection to the fish crate, assuring the safety of its contents, whether it's bait, fishing gear, or other necessities. Thanks to its compatibility with the 33-liter Euronorm fish crate, this clamping lid constitutes a valuable addition to your equipment, suitable for both professional and recreational use.
