

Description

Dishwasher basket Clixrack (600 x 400 x H 72 mm) with 5 x 8 compartment division. Suitable for items with a max. height of 72 mm. Clixrack baskets have receptacles on all 4 sides for color clips for labeling or content indications. Clixrack baskets are stable when stacked, even with other Euro standard containers and crates. Due to their Euro standard size, they fit perfectly on mobile frames, roll containers, or (plastic) pallets.

Because Clixrack baskets are equipped with suitable plastic compartment divisions, the fragile contents are well-protected. The open construction of the basket ensures optimal rinsing results and a faster drying process.

In summary: cost-effective cleaning, secure transport, and space-saving storage of glass and dishes can now be achieved with one basket.
