Description

Our plastic material cart - storage rack (1380 x 600 x H 1600/1750 mm) is the perfect solution for efficient and corrosion-free storage of various swimming or game accessories. With its spacious dimensions, this storage rack provides ample space to keep all your necessities organized, whether it's swimming materials like life jackets, floats, and toys, or game accessories for activities on the beach or in the pool.

This storage rack is made of high-quality plastic material that is corrosion-resistant, making it perfectly suitable for use in damp environments such as swimming pools or beach clubs. The rack is designed to provide durability and is easy to clean, resulting in minimal maintenance.

With an adjustable height from 1600 to 1750 mm, you can customize the layout of the storage rack to fit your specific needs and space requirements. Whether it's a small swimming pool or a large recreational club, this versatile storage rack offers a convenient and organized solution for storing all your swimming or game accessories.
