Properties

Lidded bins are also stackable with lid

Lidded bins have a removable, hinged lid

Stacking bin with hinged lid and 2 snap-slide locks

Description

Stacking bin with lid in Euro standard size 400 x 300 mm. The lid container is composed of a stacking bin and a grey hinged lid with two snap-slide closures. In the open position, the hinged lid is removable. It is a completely closed container with a smooth bottom and closed handles. Due to standardized dimensions, the lid container can be stacked with other Euro containers, with or without lids. The lid container is made from food-safe plastic. The snap-slide closures provide a secure seal and easy reopening. We supply foam interiors, seals, and label holders as accessories for the lid containers.
