Properties

Lidded bins are also stackable with lid

Lidded bins have a removable, hinged lid

Stacking bin with hinged lid and 2 snap-slide locks

Description

Stacking bin with lid measuring 600 x 400 x H190 mm is a Euro-standard stacking container equipped with a blue hinged lid featuring snap-slide closures. The lid container has a smooth, closed bottom and enclosed side walls. The plastic lid is removable when in the open position. The two snap-slide closures make it easy to open the lid. The lockable lid prevents the cargo from getting lost, damaged, or contaminated during transportation. Thanks to its standardized dimensions, the lid container can be stacked with other Euro-containers, both with and without lids. Additionally, the lid container can be perfectly combined without space loss with standardized pallets, bases, and roll containers. We supply foam interiors, seals, and label holders as accessories for the lid containers.
