Properties

The DB folding boxes are practical to use with a simple and convenient folding system.

The short sides are pressed inward at the bottom, allowing the long sides to fold.

With a folding height of only 73 mm (60 mm when stacked), the DB folding boxes are highly space-efficient when empty.

The DB folding boxes feature comfortable open handles on the short sides.

DB folding boxes are stackable, both when folded and unfolded.

Description

Plastic distribution folding box / collapsible crate in Euro standard size (600 x 400 x H 320 mm - 67 liters). The DB distribution folding box is equipped with a smooth closed bottom, closed side walls, and 2 open handles. The walls of the DB folding boxes easily unlock by pressing the short sides inward at the bottom. The DB folding boxes have a folding height of 73 mm and a stacking height of only 60 mm. The DB folding boxes are very stable and easy to handle due to their low weight. The smooth bottom ensures effective and trouble-free use on conveyor belts.
