Divider for stacking bins - 1150 x 150 mm

Product specifications

Uitwendig (LxBxH)	1150 x 5 x 150 mm
Material	Mixed recycled
Article number	99.HMM150.115
Weight (kg)	0,7 kg
Color	Black

Description

Divider for stacking bins (1150 x 150 mm) used to create compartments within stacking bins. The divider can be custom cut to size, allowing it to fit both lengthwise and widthwise within a stacking bin. Multiple dividers can be easily interlocked to create a suitable compartmentalization. The smallest compartment size is 16 x 16 mm and can be increased in increments of 5 mm. This dividing system is also known as a divider strip or divider comb. It is also available in heights of 120 or 180 mm.
