Euro pallet - CR1 ECO - 1200 x 800 mm (without rims - with reinforced profiles)

Product specifications

Uitwendig (LxBxH)	1200 x 800 x 160 mm
Dynamic load capacity	1750 kg
Material	Recycled ECO-HDPE
Article number	83232230
Weight (kg)	19 kg
Temperature range	-30°C to +40°C, briefly up to +90°C
Color	Black
Static load capacity	7500 kg
Load capacity in racks	1750

Properties

Product Specifications - Europallet CR1

Dimensions:

Length: 1200 mm

Width: 800 mm

Height: 160 mm

Material:

Manufactured from high-quality ECO-regranulate

Features:

Reinforcement profiles for extra strength

3 pallet runners along the length

Closed blocks at the bottom

Ribbed pallet runners for stability and safety

Safety and Convenience:

Anti-slip strips on the pallet deck

3 integrated reinforcement profiles in the pallet deck

Cutouts for secure attachment of straps to prevent shifting

Load Capacity:

Static load capacity: 7500 kg

Dynamic load capacity: 1750 kg

Load capacity in pallet racks: 1750 kg

The Europallet CR1 is designed with sustainability, durability, and usability in mind. Ideal for various logistics and storage applications, this pallet provides a reliable solution for safely transporting and storing loads. Description

Our Europallet CR1 is designed as a reliable and functional solution for various logistical needs. Measuring 1200 x 800 x H 160 mm and crafted from ECO-regranulate, this pallet offers a sturdy foundation for transportation and storage.

The pallet is equipped with reinforcement profiles that provide additional strength, along with 3 pallet runners along the length, closed blocks at the bottom, and ribbed pallet runners. These features ensure stability and ease of handling when moving various types of cargo.

Safety is at the core of the CR1's design. While there are no raised edges, there are anti-slip strips on the pallet deck and 3 integrated reinforcement profiles to keep loads in place. The cutouts in the pallet are convenient for securely fastening straps and preventing shifting during transport.

With a static load capacity of 7500 kg, dynamic load capacity of 1750 kg, and a capacity of 1750 kg in pallet racks, the CR1 provides sufficient strength for various logistical applications.

In summary, the Europallet CR1 is a solid, functional, and versatile choice for transportation and storage needs. Feel free to contact us for more information about this pallet and how it can meet your specific requirements.
