Description

The Euroclick stacking bin with dimensions 400x300x220 mm is a lightweight and versatile solution for storage and transport across various industrial environments. The smooth wall design maximizes the internal volume to 19 liters, while ensuring easy cleaning, making it ideal for applications where hygiene is crucial. The bin features ergonomic handgrips on all four sides, making it easy to handle. The double base rim minimizes deflection and ensures smooth movement on conveyor rollers, while the rounded corners add strength and facilitate easy directional changes. Optional accessories, such as the Clickbooster, allow the height of the bin to be easily increased, and the Clickholder ensures easy identification. This bin has a dynamic load capacity of 175 kg and a static load capacity of 350 kg.
