

Euronorm stacking crate - 600 x 400 x H 260 mm

Product specifications

Uitwendig (LxBxH)	600 x 400 x 260 mm
Capacity	50 liter liter
Handles	Open
Sidewalls	Perforated
Material	HDPE
Article number	3625.710.512
Weight (kg)	2,4 kg
Color	Grey
Bottom	Perforated, reinforced

Properties

Perforated Euro stacking crate in Euro standard size, measuring 600 x 400 x H 260 mm, with a 50-liter capacity.

Sturdy container in food-grade dark gray color equipped with two open handles for easy handling.

Perforated side walls and closed, reinforced bottom offer optimal functionality.

Reliable storage solution for sensitive or perishable items, preserving their integrity while securely stored.

Successfully applied in exceptionally demanding situations where durability and robust construction are invaluable.

Suitable for industrial environments, dynamic warehouses, and other scenarios requiring extreme performance.

Description

The perforated Euro stacking crate, measuring 600 x 400 x H 260 mm and boasting a 50-liter capacity, is designed to withstand the most demanding environments. This sturdy container, in a food-grade dark gray color, features two open handles for easy handling. With perforated side walls and a closed, reinforced bottom, this crate offers optimal functionality. The design ensures a reliable storage solution for sensitive or perishable items, preserving their integrity while securely stored.

This special crate successfully finds its application in exceptionally demanding situations, where its durability and robust construction are invaluable. Whether in industrial environments, dynamic warehouses, or other circumstances demanding extreme performance, this crate stands strong and proves its worth in every challenging situation.
