Fish box 50 kg - with drain holes

Product specifications

Uitwendig (LxBxH)	890 x 560 x 240 mm
Inwendig (LxBxH)	725 x 495 x 228 mm
Capacity	75 liter liter
Handles	Open
Sidewalls	Closed
Material	HDPE
Article number	81640300
Weight (kg)	4,3 kg
Temperature range	-30°C to +40°C, briefly up to +90°C
Color	Blue
Bottom	Sloping base with four drain holes and sideways outlet in top rim

Properties

Fish crates are stackable and nestable.

The nesting principle of fish crates saves up to 62% of space.

Equipped with directional arrow markings for visual stack-nest aid.

Features a vaulted bottom construction with 4 drainage holes and lateral drainage in the bottom edge.

Highly robust design for an extended lifespan.

Description

Fish crate (890 x 560 x H 235 mm - 50 kg / 75 liters), with drainage holes. Fish crates are stackable and nestable. A directional arrow marking on the upper edge serves as stack-nest aid. The nesting principle saves up to 62% of space. The fish crates feature a closed roof base with drainage holes in the four corners. This allows draining of excess water, slime, etc. A construction in the upper edge of the crate below ensures lateral drainage, preventing the leakage from entering the crate below. Particularly robust crate successfully used in fish auctions and the fish processing industry.
