

Fish box 50 kg - without drain holes

Product specifications

Uitwendig (LxBxH)	890 x 560 x 240 mm
Inwendig (LxBxH)	725 x 495 x 228 mm
Capacity	75 liter
Handles	Open
Sidewalls	Closed
Material	HDPE
Article number	81641110
Weight (kg)	4,29 kg
Temperature range	-30°C to +40°C, briefly up to +90°C
Color	Blue
Bottom	Sloped base without drain holes

Properties

Fish crates are stackable and nestable.

The nesting principle of fish crates saves up to 62% of space.

Equipped with arrow markings as visual stack-nest aid.

Features a roof-bottom construction.

Extremely robustly designed for a long lifespan.

Description

This sturdy fish crate measures 890 x 560 x H 235 mm and has a capacity of 50 kg / 75 liters, without drainage holes. A convenient feature of these crates is their stackable and nestable design, allowing for efficient storage and transportation. The top edge is marked with a clear arrow indicator that assists in stacking and nesting the crates.

The smart nesting principle of these crates saves up to 62% of space, enabling more fish crates to fit into a limited area. This makes them highly suitable for use in fish auctions and the fish processing industry, where space optimization is essential.

Designed with an exceptionally robust construction, this crate ensures durability and reliability, even under demanding conditions. The versatility and efficiency of these fish crates make them a valuable tool in the fish sector.
