Description

The FLC Lid 1215x813x79 is specifically designed to fit perfectly on Schoeller Allibert's 1200x800 FLC range. This robust lid ensures that the contents of the containers are protected from dust and contamination, keeping products clean and safe during transport and storage. It is made from high-quality HDPE (High-Density Polyethylene), which ensures durability and resistance in temperatures ranging from -20 °C to 40 °C.
