## Properties

The folding boxes are equipped with two hinged, interlocking lid halves.

SOLID LINE folding boxes can also be stacked with the lid, both folded and unfolded.

The lid of the SOLID LINE can be sealed.

The intelligent 'easy-lock' system of the SOLID LINE folding boxes allows easy unlocking of the walls.

After unlocking, both short sides are folded inwards first, followed by folding the long sides.

With a folding height of only 100 mm (92 mm when stacked), the SOLID LINE folding boxes are highly space-saving when empty.

SOLID LINE folding boxes feature comfortable open handles on the short sides.

SOLID LINE folding boxes are stackable, both folded and unfolded.

## Description

The SOLID LINE folding box with lid, measuring 600 x 400 x H 420 mm and finished in blue, offers an effective solution for storage and transportation. With ample capacity and sturdy construction, this folding box is ideal for various applications.

Equipped with two hinged lid halves, it allows easy access to and protection of its contents. Additionally, multiple of these SOLID LINE folding boxes with lids can be stacked, whether folded or unfolded, promoting space-saving and organization.

The lid of the SOLID LINE folding box can be sealed, making it a convenient option for transporting or storing goods requiring extra security.

Using the 'easy-lock' system of the SOLID LINE folding boxes, the walls can be effortlessly unlocked. After unlocking, the short sides can be folded inwards first, followed by folding the long sides. These folding boxes have a folding height of only 420 mm, minimizing the space they occupy when stored.

The SOLID LINE folding box with lid features comfortable open handles on the short sides, facilitating handling and transportation. Thanks to its durable construction and versatility in use, this blue SOLID LINE folding box is an excellent choice for various storage needs, both at home and in professional environments.
