Foot control designed for mounting on 2-wheel plastic waste containers

Compatible with waste containers of 60, 80, 120, or 240-liter capacity

Description

Foot control suitable for mounting on 2-wheel plastic waste containers. The foot control fits waste containers with capacities of 60, 80, 120, or 240 liters. The pedal opens the lid. Waste can be deposited using the foot control in accordance with HACCP standards, without touching the lid. An absolute necessity in hygiene environments!
