The waste container is fitted with four galvanised swivel castors, two with brakes.

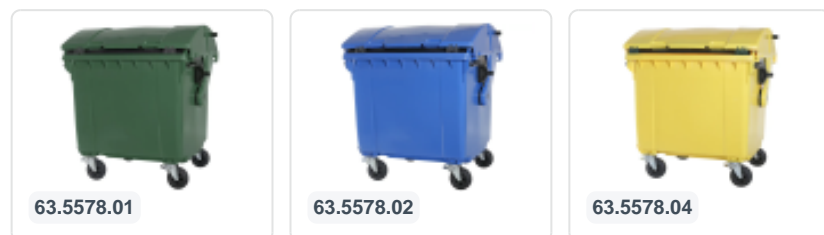

With plastic wheel rim and rubber Ø 200 mm tread.

The four-wheeled waste container is suitable for emptying with the dustcart.

Description

Mobile grey 1100-liter plastic waste container with lid in lid (1370 x 1115 x 1470 mm) equipped with rubber tread Ø200 mm. Galvanized swivel wheels, two of which have wheel stops. The 1100-liter waste container is certified according to DIN EN 840 and is suitable for all types of garbage trucks with emptying systems according to DIN EN 840. The hinge point of the lid is in the middle of the body. A smaller lid is mounted in the main lid, allowing the entire lid not to be opened when filling the container. Sideways equipped with special lifting pins. Suitable for professional and long-term use. The container body and wheel attachment are extra reinforced for extreme durability with a maximum payload of 440 kg. Thanks to the smooth interior walls, dirt does not adhere to the walls, making the waste containers easy to clean. Available in different colors, facilitating the separation of various waste streams.
