Gastronorm insulated box with lid (stackable) - 600 x 400 x H 296 mm

Product specifications Properties

Uitwendig (LxBxH) 600 x 400 x 296 mm

Inwendig (LxBxH) 548 x 348 x 250 mm

Capacity 46 liter

Handles Closed

Sidewalls Closed

Material Piocelan EPS

Article number 46.GB.46.PIO

Weight (kg) 0,84 kg

Color Black

Bottom Closed, smooth

European Article Number 7424901339367

The clamp lid seals hermetically, minimizing temperature loss.

Equipped with ergonomic bowl handles on both short sides.

Produced from EPS, offering high insulation value and a long lifespan.

Description

Insulation box 600 x 400 x H 296 mm, with removable clamp lid. The insulation box has a capacity of 46 liters and an internal Gastronorm size. This makes the insulation box suitable for accommodating Gastronorm containers. The box is suitable for keeping the cargo warm or cool for as long as possible due to its well-insulated walls and bottom. The insulation boxes are made of a hybrid plastic called Piocelan. This is EPS (expanded polystyrene) with additives. These additives make the material less brittle and fragile than standard EPS material. Additionally, Piocelan plastic has good insulating properties. The height of the box without the lid is 275 mm. The insulation box is supplied without the displayed GN pan.
