

# Glass basket 500x500mm blue - maximum glass height 240 mm - with blue 44-compartment partition - maximum glass diameter 67mm

## Product specifications

|                         |   |
|-------------------------|---|
| Uitwendig (LxBxH)       | 500 × 500 × 280 mm  |
| Inwendig (LxBxH)        | 465 × 465 × 240 mm  |
| Handles                 | 4-sided - open, for added wearing comfort   |
| Sidewalls               | Open, for optimal washing results and a faster drying process   |
| Material                | PP  |
| Article number          | 50.NK.121.215245.44V  |
| Temperature range       | -15°C to + 90°C   |
| Color                   | Blue  |
| Bottom                  | Open and extra reinforced, making it suitable for high loads and for use in basket transport machines with transport hooks. |
| European Article Number | 7424901366387   |
| Maximum glass height    | 240   |
| Maximum Ø glass         | 67  |

## Properties

Our baskets guarantee safe transport and efficient storage of your glassware and tableware.

The open design of the basket ensures optimal washing results.

Determine the appropriate basket layout and height easily with the size chart. Request a size chart by calling or filling out our contact form.

The basket has 4-sided receptacles for color clips (see accessories).

Color clips can be clicked into the basket on all four sides, for example, to indicate contents.

Suitable for use in basket transport machines with transport hooks.

## Description

The glass basket 50.NK.121.215245.44V consists of a base basket with a blue 44-compartment partition. The maximum glass diameter determines which partition is suitable. Measure the widest point of the glass for this. Note: the widest point of the glass is not always at the top or bottom.

The glass basket with dimensions 500 x 500 x H 100 mm has an inner height of 240 mm. Glasses with a height of up to 240 mm can fit in this basket, such as shot glasses and whiskey glasses. The basket is also suitable for coffee cups and soup bowls. Due to the open basket construction, washing water and drying air have very good access to glassware and porcelain. The dishwasher baskets thus achieve an optimal washing result and a faster drying process. The bottom is additionally reinforced, allowing the basket to rotate in a basket transport machine with transport hooks. Transoplast's glass baskets are exceptionally durable and have the best references in the market.
