Glass crate BASIC - 600 x 400 x H 171 mm

Product specifications

Weight (kg)	1,5 kg
External dimensions (L x W x H)	600 x 400 x 171 mm
Temperature range	-40°C to +70°C
Capacity	33 liter
Color	Grey
Material	HDPE
Bottom	Perforated, reinforced
Sidewalls	Perforated
Handles	Open (four openings)
European Article Number	7424912636677
Colorcode	RAL 7040
Internal dimensions (L x W x H)	568 x 368 x 158 mm

Properties

Also available in our webshop as a complete basket including compartmentalization in various designs.

Description

Stackable crate 600 x 400 mm made of food-grade plastic. A real powerhouse! Designed with coarsely perforated side walls and bottom for optimal ventilation of contents. The grey stackable crate is highly suitable as a bread crate in bakeries, but also excellent for use in the (industrial) food sector, textile industry, and hospitality. Equipped with compartmentalization, the stackable crate is an ideal glass crate. The bottom and side walls are reinforced. Even under heavy loads and extreme conditions, the bottom's deformation is nearly negligible. Due to its construction and material composition, it's a reliable crate for many applications. The stackable crate is versatile, partly due to its standardized dimensions. The 600 x 400 mm stackable crate perfectly combines with other Euro standard stackable bins and crates, as well as with standardized pallets, roll containers, and mobile bases.
