

Glass crate BASIC - 600 x 400 x H 250 mm for 33 glasses - max. height 222 mm - max. Ø 75 mm

Product specifications

Weight (kg)	2,7 kg
External dimensions (L x W x H)	600 x 400 x 250 mm
Temperature range	-40°C to +70°C
Capacity	48.9 liter
Color	Grey
Material	HDPE
Bottom	Perforated, reinforced
Sidewalls	Perforated
Handles	Open (four openings)
European Article Number	7424907036031
Maximum glass height	222
Maximum Ø glass	75
Internal dimensions (L x W x H)	568 x 368 x 234 mm

Properties

Dimensions: The crate measures 600 x 400 x 250 mm (length x width x height).

Capacity: It can hold 33 glasses.

Maximum glass size: Suitable for glasses with a maximum height of 222 mm and a maximum diameter of Ø 75 mm.

Protection: The crate is designed to keep glasses separate, preventing them from touching each other, thus avoiding scratches and breakage during cleaning, storage, and transport.

Support: It has compartmental divisions to adequately support each glass, especially at the base.

Cleaning: Coarsely perforated side walls and bottom allow rinse water and cleaning agents to easily reach the contents, enabling thorough cleaning.

Stackability: The crates are stackable and can be efficiently stored without losing space.

Compatibility: Can be combined with other bins and crates with Euronorm dimensions for efficient storage and transport.

Advice: If glasses exceed the maximum specifications, it is advised to choose another crate from the same series.

Description

Attention before placing an order!

The glass dimensions determine the choice of crate. Measure the height of the glass and the diameter at the widest point.

Plastic crate with compartments for 33 glasses. The glass crate measures 600x400 mm and has a height of 250 mm. The glass crate is suitable for cleaning, storage, and transportation of glassware and dishes with a maximum glass height of 222 mm and a maximum Ø of 75 mm. The size and layout of the crate are determined by the contents. If the glass is taller than 222 mm or wider than Ø 75 mm, choose another glass crate in this series. We are happy to advise you. The glass crate with double compartments provides 33 individual spots for glasses. The glasses do not touch each other and are therefore optimally protected against scratches and breakage during cleaning, storage, and transport. The glass crate has lower and upper compartment divisions, providing good support for glassware with a base. The glassware is completely clean after cleaning in the glass crate. This is because the crate has coarse perforated side walls and bottom, allowing rinse water and cleaning agents to easily reach the contents of the crate. The glass crates are stackable and can be perfectly combined with other plate racks and stacking crates with Euro standard dimensions. Moreover, the glass crates can be stored and transported without losing space on standardized supports, rolling containers, and pallets. For more information, please contact our product advisor.
