

# Glass crate BASIC - 600 x 400 x H 99 mm for 40 glasses - max. height 72 mm - max. Ø 65 mm

## Product specifications

Uitwendig (LxBxH)	600 × 400 × 99 mm
Inwendig (LxBxH)	568 × 368 × 85 mm
Capacity	17.8 liter
Handles	Open (four openings)
Sidewalls	Perforated
Material	HDPE
Article number	30.108.5x8.U
Weight (kg)	1,7 kg
Temperature range	-40°C to +70°C
Color	Grey
Bottom	Perforated, reinforced
European Article Number	7424904459444
Maximum glass height	72
Maximum Ø glass	65

## Properties

Glass dimensions determine the crate choice; measure height and diameter at the widest point.

Plastic glass crate for 40 glasses or cups, sized 600x400 mm and 99 mm high.

Suitable for cleaning, storage, and transportation of glassware and tableware with max. glass height of 72 mm and max. Ø of 65 mm.

Crate size determined by content; choose another crate from the same series if there are deviations.

Equipped with 40 compartments for individual placement of glasses, protecting against scratches and breakage during cleaning, storage, and transport.

Coarsely perforated side walls and bottom provide access to rinse water and cleaning agents.

Glass crates are stackable and compatible with Euronorm bins, storage, and transportation without space loss.

# Description

Pay attention before placing your order!

The glass dimensions determine the choice of crate. Measure the height of the glass and the diameter at its widest point.

Plastic glass crate for 40 glasses or cups. Sized 600x400 mm with a height of 99 mm. The glass crate is suitable for cleaning, storage, and transport of glassware and tableware with a maximum glass height of 72 mm and maximum Ø 65 mm. The crate's size and layout are determined by the contents. If the glass is taller than 72 mm or wider than Ø 65 mm, choose another glass crate in this series. We are happy to advise you.

The glass crate is equipped with a compartmentalization of 40 compartments, providing 40 individual spaces for glasses and cups. The glasses do not touch each other, ensuring optimal protection against scratches and breakage during cleaning, storage, and transport. Thanks to the coarsely perforated side walls and bottom, rinse water and cleaning agents easily access the crate's contents. The glassware is therefore completely clean after cleaning in the glass crate.

The glass crates are stackable and can be perfectly combined with other plate bins and stacking crates with Euronorm dimensions. Additionally, the glass crates can be stored and transported without space loss on standardized supports, roll containers, and pallets. For more information, please contact our product advisors.
