## Description

Fine-mesh plastic grid of 536 x 363 x 1.6 mm, to be placed on the bottom of a Techrack cleaning baskets or Variogrid workpiece carriers 600 x 400 mm . The mesh size is 3 x 3 mm. Made of PP plastic, natural white color, which is suitable for cleaning purposes with chemical solvents and alcohol. A grid prevents small or protruding parts from falling through the basket. Ideal for cleaning bulk goods, for example.
