Suitable for industrial and professional use

Versatile applications, including in the fish industry, vegetable sector, laundries, and heavy-duty settings

Can be used as a centrifuge basket for cleaning vegetables or on fishing vessels.

Description

Robust basket with dimensions Ø 480 x H360 mm and a capacity of 45 liters. Featuring finely perforated bottom and side walls, and two molded plastic handle grips. Thanks to the bottom rim and stable design, the basket is extremely suitable for industrial use; in the fish industry, vegetable sector, laundries, and other heavy-duty applications. The industrial basket is used, among other things, as a centrifuge basket for cleaning vegetables and also on fishing vessels.
