Suitable for industrial and professional use

Versatile applications, including in the fish industry, vegetable sector, laundries, and heavy-duty settings

Can be used as a centrifuge basket for cleaning vegetables or on fishing vessels.

Description

Robust basket, 45 liters, made of food-grade plastic. Equipped with finely perforated bottom and side walls, two molded handle grips, and a bottom rim to prevent wear. Temperature resistance from -30°C to +70°C. The basket is suitable for professional and industrial use, in the fish industry, vegetable sector, laundries, and other heavy-duty applications. The industrial basket is used, among other things, as a centrifuge basket in the cleaning of vegetables or on fishing vessels.
