

Industrial pallet - CR3-5 - 1200 x 1000 mm (with rims)

Product specifications

Weight (kg)	21,5 kg
External dimensions (L x W x H)	1200 x 1000 x 160 mm
Temperature range	-30°C to +40°C, briefly up to +90°C
Color	Brown
Material	HDPE
Static load capacity	5000 kg
Edge height	5 mm
Dynamic load capacity	1250 kg
Load capacity in racks	1000 kg

Properties

Raised rims around the CR3-5 prevent the load sliding off and mutual sliding of empty pallets

The CR3's anti-slip strips prevent loads sliding off and mutual sliding of empty pallets

CR3-5 with five runners (three lengthwise, two crosswise), underside of runners open (ribbed)

CR3-5 is extra strong due to oblique connection between the runners and the chocks

Description

The industrial pallet CR3-5, also known as a block pallet, has dimensions of 1200 x 1000 x H160 mm and is suitable for food use. This pallet is equipped with five pallet runners: three along the length and two across the width. The underside of the blocks and runners is open and features a ribbed structure.

Around the pallet deck are 5 mm raised edges to prevent goods from shifting. Additionally, the pallet deck is equipped with anti-slip strips to keep the load securely in place. The load capacity of this pallet is 5000 kg static, 1250 kg dynamic, and 1000 kg in pallet racking.

With its strong construction and food-grade material, the CR3-5 pallet is ideal for industrial applications where both strength and safety are essential.
