Description

Plastic Industrial Pallet D3 (1200 x 1000 x H 150 mm) - food-grade. With three longitudinal runners. The underside of the pallet feet is open, the underside of the runners is ribbed. The plastic ISO pallet is equipped with a 7 mm perimeter edge. A variant with a 22 mm edge is available on request (see "Options"). Static load capacity is 5000 kg, dynamic 1000 kg, and in pallet racking 400 kg. The load capacity in pallet racking can be increased to 1250 kg with reinforcement profiles; even afterwards. This allows the plastic pallet to cover a very wide range of applications.
