# Insulated box-in-box with lid - 600 x 400 x H 223 mm

## Product specifications

Weight (kg)	3,3 kg
External dimensions ( L x W x H)	600 x 400 x 223 mm
Capacity	20 liter
Material	HDPE
Bottom	stacking bin: closed and reinforced - insulated box: closed and smooth
Sidewalls	Stacking bin: closed - insulated box: closed and smooth
Handles	Stacking bin: open - insulated box: recessed handles on ground level.
Internal dimensions (L x W x H)	497 x 300 x 110 mm

## Properties

Insulation box-in-box system, consisting of a plastic stacking crate and a removable insulation box with a clamping lid.

The clamping lid seals hermetically, minimizing temperature loss.

The insulation box is made of EPP (25 mm), providing high insulation value and long lifespan.

The accommodating stacking crate has closed walls and bottom (see "Related products").

The stacking crate provides extra protection for the insulation box.

External dimensions conform to Euro norm, allowing seamless stacking with other Euro norm stacking crates and bins (400 x 300 mm and 600 x 400 mm).
