| Capacity | 873 liter |
| Color | Grey |
| Material | PP |
| Bottom | Closed |
| Sidewalls | Closed, interior smooth, collapsible |
| Max. load capacity per box | 750 kg |
| Brand | Schoeller Allibert |
| Internal dimensions (L x W x H) | 1140 x 940 x 815 mm |

Properties

Collapsible pallet box with double-walled construction.

Smooth walls on both the inside and outside, easy to clean.

The Optimum 1000 S collapsible pallet box has a bottom with 2 pallet runners and 2 legs.

Collapsed height of 325 mm, stacking height of 295 mm.

Collapsing achieves a volume reduction of up to 73%.

Loading ramps in the walls lower the lifting threshold.

Comes standard with one loading ramp on the long side: 840 x 385 mm (w x h) and one loading ramp on the short side: 575 x 385 mm (w x h).

Description

MAGNUM Optimum Box 1000 S collapsible pallet box (1200 x 1000 x H 1000 mm - 873 liters) with two hinged loading flaps (one on the long side and one on the short side). The pallet box has a closed bottom with drainage holes. The side walls are smooth and closed. When collapsed, the MAGNUM Optimum Box is only 295 mm high. This achieves a volume reduction of 73%. The reinforcement ribs in this pallet box are incorporated into a double-walled construction. Thanks to the smooth sandwich walls, the MAGNUM Optimum is very stable and easy to clean. Components of the MAGNUM Optimum - such as walls, pallet runners, legs, or flaps - are easy and cost-effective to replace.
