MAGNUM Optimum 1105 S - foldable large container - 1200 x 1000 mm - with Optiframe spacer and 2 drop doors

Product specifications

Uitwendig (LxBxH)	1200 x 1000 x 1105 mm
Inwendig (LxBxH)	1140 x 940 x 920 mm
Capacity	985 liter
Sidewalls	Closed, interior smooth, collapsible
Material	PP
Article number	2550.461.OF.1
Weight (kg)	54,5 kg
Temperature range	-10°C to +40°C
Color	Grey
Bottom	Closed
Max. load capacity per box	750 kg

Properties

Collapsible pallet box with double-wall construction.

Smooth walls on the inside and outside, easy to clean.

Equipped with an Optiframe raised edge, increasing the usable height by 105 mm compared to the standard version.

The Optimum 1105 S collapsible pallet box has a bottom with 2 pallet runners and 2 legs.

When collapsed, it is 430 mm high, and in stacking, it is 400 mm high.

Collapsed, achieving a volume reduction of up to 66%.

The lifting threshold is lowered by loading ramps in the walls.

Standard with one loading ramp on the long side: 840 x 385 mm (w x h) and one loading ramp on the short side: 575 x 385 mm (w x h).

Description

MAGNUM Optimum Box 1105 S collapsible pallet box (1200 x 1000 x H 1105 mm - 985 liters) with two hinged loading ramps (one on the long side and one on the short side). The collapsible pallet box has an Optiframe raised edge. This increases the usable height by 105 mm compared to the MAGNUM Optimum 1000 S base version. The pallet box has a closed bottom with drainage holes. The side walls are smooth and closed. When collapsed, the MAGNUM Optimum Box is only 295 mm high. This achieves a volume reduction of 66%. The reinforcement ribs in this pallet box are incorporated into a double-wall construction. Thanks to the smooth sandwich walls, the MAGNUM Optimum is very stable and easy to clean. Components of the MAGNUM Optimum - such as walls, pallet runners, legs, or flaps - are easy to replace and at low cost.
