Description

MAGNUM Optimum Box 1185 S collapsible pallet box (1200 x 1000 x H 1185 mm - 1072 liters) with two hinged loading ramps (one on the long side and one on the short side). The collapsible pallet box has two Optiframe raised edges, increasing the effective height by 210 mm compared to the standard MAGNUM Optimum 975 S. The pallet box has a closed bottom with drainage holes. The side walls are smooth and closed. When collapsed, the MAGNUM Optimum Box is only 295 mm high, achieving a volume reduction of 59%. The reinforcement ribs in this pallet box are integrated into a double-wall construction. Due to the smooth sandwich walls, the MAGNUM Optimum is very stable and easy to clean. Parts of the MAGNUM Optimum - such as walls, pallet runners, legs, or flaps - can be easily replaced at low cost.
