Nestable hygiene container - 610 x 435 x H 150 mm

Product specifications

Uitwendig (LxBxH)	610 x 435 x 150 mm
Inwendig (LxBxH)	550 x 375 x 145 mm
Capacity	25 liter liter
Handles	Closed
Sidewalls	Closed
Material	HDPE
Article number	83250100
Weight (kg)	1,3 kg
Temperature range	-30°C to +40°C, briefly up to +90°C
Color	White
Bottom	Closed, smooth

Properties

Rounded corners and smooth walls for optimum hygiene

Description

This nestable hygiene container, measuring 610 x 435 x H 150 mm with a capacity of 25 liters, is known for its industrial quality. It is a hygiene container suitable for use in the food industry, featuring closed sidewalls and a closed bottom that ensure safe storage of products. The fully smooth design contributes to optimal hygiene, reducing the risk of dirt accumulation and facilitating easy cleaning. This container is successfully utilized in the food sector and other industries where both the hygiene and durability of the container play a crucial role. It has proven to be a reliable and versatile tool, not only due to its durability but also for its ability to meet stringent hygiene standards. It is valued in environments where maintaining a clean and safe storage space is crucial, such as in the food processing industry and other sectors that uphold the highest hygiene standards.
