Nestable retention bin - drip tray 90 liter - 870 x 530 x H 320 mm

Product specifications

Weight (kg) 4,08 kg

External dimensions (L x W x H) 870 x 530 x 320 mm

Temperature range -30°C to +80°C

Capacity 90 liter

Color Black

Material HDPE

Bottom Closed, reinforced

Sidewalls Closed

Handles Closed

Properties

Nestable containment tray - drip tray

Dimensions: 870 x 530 x H 320 mm; Capacity: 90 liters

Exceptional nestability for extreme space-saving

Closed side walls, bottom, and handles for ease of use

Rounded corners and smooth walls for practical usability

Description

The nestable containment tray, also known as a drip tray, measures 870 x 530 x H 320 mm and has a capacity of 90 liters. Its unique feature of exceptional nestability makes it an ideal space-saving solution. This tray is designed with closed side walls, a sturdy bottom, and convenient handles for easy use.

The rounded corners and smooth walls contribute to the practical usability and easy cleaning of this tray. Thanks to these characteristics, it is not only functional but also easy to maintain. This containment tray is versatile and offers an efficient way to contain leaks, making it a reliable choice for various applications in different environments.
