Lid provided with two snap-slide locks

With one case handle on the front

Lidded bins have a removable, hinged lid

All lidded bins with case handle are stackable with lid

Description

Plastic case measuring 400 x 300 mm with a height of 190 mm. The case is stackable with other Euronorm cases and containers. Due to its standardized dimensions, the case perfectly fits with a standardized pallet, roll container, or mobile base. The case consists of a container with a hinged lid and two snap-lock fasteners. This ensures a secure closure during transportation, allowing the cargo to be transported dust-free and safely. We supply seals and label holders as accessories for the cases.
