Description

Plastic case measuring 400 x 300 mm. The case has a capacity of 28.5 liters and a height, including the reinforced base, of 335 mm. The case is composed of a completely enclosed stacking container, hinged lid with snap-slide closures, and two suitcase handles. A suitcase handle is attached to each short side, allowing for comfortable handling even with heavy loads. The snap closures ensure a secure sealing of the lid, keeping the contents free from dust and dirt. The plastic case, including the lid, is stackable and can be easily and efficiently transported on standardized pallets, mobile bases, and roll containers. We supply seals and label holders as accessories for the cases.
