Suitable for hygienic and trouble-free goods transport

Lightweight design for easy handling

Sustainable and environmentally friendly due to the use of regenerated material

Ideal for situations where wooden pallets are difficult to obtain

Suitable for use in various industries and applications

Hygienic design makes it suitable for transporting food and other sensitive goods

Description

Plastic lightweight distribution pallet with dimensions 1200x800xH120mm. The alternative to hard-to-find wooden pallets. Made from regenerated material. The lightweight pallet is highly suitable for hygienic and trouble-free goods transportation. Also suitable for loading with packaged food items. The export pallet is equipped with 6 runners in a so-called window design. The plastic pallet is also suitable for light use in pallet racks and can bear loads up to 300 kg. Orders are only accepted per full truckload in increments of 660 units. A large quantity of this type of plastic pallet is available.
