Plastic export pallet - 800x600mm - 6 legs - nestable

Product specifications Properties

Uitwendig (LxBxH) 800 x 600 x 140 mm

Dynamic load capacity 500 kg

Material Mixed recycled

Article number 55.QP6080MRR

Weight (kg) 3,2 kg

Temperature range -20°C to +60°C

Color Black

Static load capacity 1000 kg

Edge height 5 mm

Export pallet on six feet with rim

Suitable for loading packed foodstuffs

Nestable display pallet of 800 x 600 mm

Made from regenerated plastic

Designed for efficient export logistics

Ideal for safely transporting packed foodstuffs

Suitable for use in displays and presentations

Space-saving design allows nesting for compact storage

Durable material provides long-lasting performance and reuse options

Description

Nestable plastic pallet 800 x 600 mm. Designed with six legs. The lightweight version in regenerated material is suitable for goods export, for display applications, as well as for storing packaged food or, for example, tires. In their empty state, the pallets can be efficiently nested, saving space. The pallet is lightweight, impact-resistant, and stable. Exporting on a plastic pallet is more hygienic than on a wooden pallet, as plastic pallets do not absorb moisture, pests, or bacteria. A pallet certificate to IPPC countries is also unnecessary.
