Description

Introducing the 1311HR3RL plastic pallet, meticulously designed to meet your material handling needs with precision and reliability. Crafted from high-quality regenerated material, this pallet exemplifies sustainability while offering robust performance. With dimensions of 1300 x 1100 x H 165 mm, this pallet provides ample space for various goods while maintaining a manageable size for efficient storage and transportation. Its design features 3 longitudinal pallet runners, ensuring stability and uniform weight distribution across the surface.

Unlike some pallets, the 1311HR3RL is engineered without raised edges, allowing for easy loading and unloading of goods without any obstructions. This design choice enhances versatility and accessibility, making it suitable for a wide range of applications.
