Dynamic load capacity	1250 kg

Properties

Made from ECO material: suitable for packaged food items.

Description

Plastic pallet (1000 x 1000 x H 160 mm) type CR4-ECO - made from ECO-regenerated material. Equipped with 3 pallet runners. The pallet deck is fitted with 5 anti-slip strips but without raised edges. Static load capacity is 5000 kg and dynamic is 1250 kg. Due to its dimensions, it is only suitable for use in standard pallet racks. The dimensions of the pallet are tailored for use with dishwashing racks measuring 500 x 500 mm. Storage and transport of racks can be efficiently and exceptionally hygienically managed in this way.
