Plastic pallet - H1-DUO ECO - 1600 x 1200 mm (with rims - 5 runners)

Product specifications

Weight (kg)	32 kg
External dimensions (L x W x H)	1600 x 1200 x 160 mm
Temperature range	-30°C to +40°C, briefly up to +90°C
Color	Black
Material	Recycled ECO-HDPE
Static load capacity	5000 kg
Edge height	7 mm
Dynamic load capacity	1000 kg

Properties

Made from ECO material: suitable for packaged foodstuffs.

The H1-DUO ECO is based on the design of the H1 ECO pallet.

Two pallets of the H1 ECO type are sustainably fused together in this variant.

The H1-DUO pallet has a high load capacity thanks to 5 pallet runners, making it the ideal solution for large-format loads.

Raised edges all around the H1-DUO prevent slipping of the cargo and sliding of empty pallets among each other.

The H1 pallet is extra strong due to the angled attachment of the pallet runners with the blocks.

Breakage at these sensitive points is therefore minimized.

Description

Plastic large-format pallet (1600 x 1200 x H 160 mm) type H1-DUO ECO in ECO-regenerated material. Based on two pallets of the H1 ECO type, which are then sustainably fused. Equipped with 5 longitudinal pallet runners, bottom blocks, and open pallet runners, with raised edges all around (7 mm). Static load capacity is 5000 kg and dynamic load capacity is 1000 kg. Maximum dynamic load of 1000 kg with evenly distributed load and with wide fork position of the forklift. Various organizations use DUO pallets with full satisfaction.
