Properties

Plastic Gastro racks: a hygienic and versatile storage system particularly for catering and commercial kitchens

Gastro racks are provided with removable grilles for a flexible layout (216 mm or 72 mm wide)

In the Gastro racks, Gastronorm bins may also be hung in the spaces in place of grilles

Description

Plastic Gastro shelving in standard dimensions (1467 x 410 x H 1770 mm). Constructed from robust and food-grade plastic. Equipped with removable grates for flexible arrangement (216 mm wide or 72 mm wide). Comprised of 3 uprights and 4 shelves. Space between uprights: 648 mm. Space between shelves: 3 x 450 mm - free space underneath: 200 mm. Each level of the Gastro shelving is equipped with 6 grates 216 mm wide. Shelf grates are removable. GN containers can then be hung in the shelf, creating an exceptionally flexible and stable storage solution for GN containers. The load capacity is 120 kg per linear meter of shelf (i.e., per level). Other sizes and configurations available upon request. Plastic Gastro shelving is highly hygienic and constitutes a versatile storage system, particularly suited for the hospitality and commercial kitchen sector.
