# Plastic trolley (620 x 420 x 180) - nylon swivel castors and housings

## Product specifications

Weight (kg)	2,7 kg
External dimensions ( L x W x H)	620 x 420 x 180 mm
Color	Red
Material	ABS
Dynamic load capacity	250 kg

## Properties

Suitable for stacking containers of 600 x 400 mm or two pieces of 400 x 300 mm.

## Description

The mobile plastic base, measuring 620 mm by 420 mm and with a height of 180 mm, offers convenient mobility for various applications. This base is specially designed to fit stackable bins of 600 x 400 mm or two pieces of 400 x 300 mm, providing versatility in storage and transport.

With its four swivel casters, equipped with plastic wheel forks and PP wheels with a diameter of 100 mm, this base offers smooth and agile movement, even on different surfaces. Whether it's moving inventory in a warehouse, organizing materials in a workshop, or using it in a commercial setting, this base makes it easy to efficiently and safely transport goods.

With its durable construction and practical design, this mobile plastic base is a valuable addition to any storage or transport solution, making it easy to optimize space and streamline workflows.
