Mobile plastic base entirely tailor-made.

Description

Dolly / mobile plastic hygiene base. Custom made for transport containers (210 & 400 liters). Standard equipped with 4 stainless steel castors - with nylon wheels Ø 125 mm. The base is made of solid plastic (20 mm) and is made exactly to measure for the load carrier. Other wheel configurations such as galvanized wheel forks, braked wheels, different diameters, a different tread, etc. are of course possible. Ask our product specialists for the possibilities. Indestructible base for use with transport containers.
