The roll container is equipped with 2 fixed and 2 swivel wheels in a galvanized design and plastic wheels Ø 125 mm with PU treads.

The roll container is fitted with 2 drop-in side walls that are equipped with a tensioning bracket.

For other wheel configurations (braked - solid nylon - different wheel diameters) consult our product specialists.

Description

Roll container (682 x 815 x H 1710 mm) with a grey plastic base. Composed of a food-grade grey plastic base plate (steel-reinforced) and two blue-galvanized steel side walls. The side walls are inserted into the grey base plate and then secured with a tensioning bracket. The roll container is equipped with 2 fixed and 2 swivel wheels in a galvanized design with plastic wheels Ø 125 mm with PU treads. Commonly used roll container in applications where the walls are frequently removed.
